PRISMA

— NATURAL DESKING SYSTEM —

WE ARE ALWAYS ON THE MOVE, AND YOU?

With a careful design, PRISMA hides a lot of complexity in its structure. The junction of its legs, in a pyramidal shape with a compact aspect, which appears as one single piece, was a challenge in its design and manufacture process.

Con un cuidado diseño, PRISMA esconde una gran complejidad en su estructura. El entronque de sus patas, realizado de forma piramidal y con un aspecto compacto que parece producido en un sola pieza, ha supuesto un reto en el diseño y proceso de fabricación de esta mesa.

Sous un simple design, PRISMA cache une grande complexité dans sa structure. La jonction de ses pieds en forme pyramidale et son apparence compacte semblent être en une seule pièce. Ce design ainsi que le procédé de fabrication de cette table ont formé un véritable défi.

In seinem gepflegten Design verbirgt PRISMA eine hochgradig komplexe Struktur. Der angeschrägte Ansatz der Tischbeine an die Tischplatte gibt dem Ganzen den kompakten Eindruck, aus einem Stück gefertigt zu sein – eine echte Herausforderung für Design und Herstellung.

Its finishes evoke a Scandinavian style, characterised by a feeling of order and cleanliness in all its designs. Produced in melamine and steel, it has various finishes and combinations which recreate a wood effect, offering a natural aspect thanks to an innovative technique that reproduces this coating.

Sus acabados nos evocan el estilo escandinavo, caracterizado por aportar una sensación de orden y limpieza cromática en todos sus diseños. Producida en melamina y acero, presenta diferentes opciones de acabados y combinaciones que recrean la madera, ofreciendo un aspecto natural gracias a una innovadora técnica de recubrimiento que reproduce este acabado.

Ses finitions nous rappellent le style scandinave, caractérisé à tout moment par une sensation d'ordre et de constance chromatique dans tous ses designs. Fabriqué en mélamine et acier, ce produit est disponible sous différentes finitions et combinaisons qui rappellent le bois. Offrant un aspect naturel grâce à une technique innovante de revêtement.

Die Oberflächen sind dem nordischen Stil entlehnt. Ein Gefühl von Ordnung und farblich sauberer Gestaltung prägt jedes einzelne Design. Die bei der Herstellung verwendeten Materialien Melamin und Stahl sorgen bei der Ausführung für verschiedene Optionen und Kombinationsmöglichkeiten. Gemeinsam erlangen sie den natürlichen Gesamteindruck nachgebildeten Holzes, der durch eine innovative Technik zur Oberflächengestaltung erzielt wird.

NATURAL DESKING SYSTEM
By Sylvain Carlet & Isern Serra

Along with PRISMA we have designed an exclusive series of accessories as well as its own system of desktop screens which attach themselves directly to the surface desk, featuring great stability and aesthetic appeal in harmony. They offer a great number of possibilities, with an aluminium profile or guide rails to attach elements at third level , upholstered, sound absorbing, made of glass or methacrylate.

Junto a PRISMA se ha diseñado una exclusiva serie de accesorios complementarios así como un sistema propio de divisorias que se anclan directamente a la superficie de mesa, dotadas de una gran estabilidad y una apariencia estética en sintonía. Ofrecen un gran número de posibilidades, con perfiles de aluminio o guías para fijación de elementos de 3er nivel , tapizadas, fonoabsorbentes, de vidrio o metacrilato.

Une série exclusive de compléments accompagnent PRISMA comme son propre système de panneaux écrans fixés directement à la surface de la table. Elles sont dotées d'une grande stabilité et forment une harmonie d'ensemble. Un grand nombre de possibilités sont disponibles, avec un profil en aluminium ou des rails de fixation des éléments de 3ème niveau, des tapisseries, des panneaux insonores, en verre ou en méthacrylate.

Zu PRISMA wurde ein exklusives Sortiment an Accessoires entwickelt. Dazu gehört auch das spezifische System von Trennelementen, die direkt auf der Tischoberfläche verankert werden und mit hervorragender Stabilität für ein ästhetisch abgestimmtes Gesamtbild sorgen. Die Kombinationsmöglichkeiten sind vielfältig, es gibt Aluminiumprofile und Führungen für die Anbringung von Elementen für die dritte Ebene, mit Bezug, schalldämmend, aus Glas oder Methacrylat.
