

Okidoki

Specification Guide

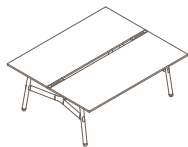

Okidoki

Who says you can't mix
business with pleasure?

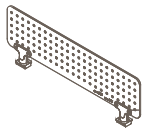

Okidoki could be
brightening the office
one day, then bringing
its casual cool to your
home the next. In any
environment, its cheeky
personality is always
on display.

Okidoki

Workstation 5 – 11

Accessories 12 - 26

A technical line drawing of a mechanical assembly, possibly a robotic gripper or a specialized tool. The drawing shows a central horizontal beam supported by two vertical legs. A long, thin rod extends from the right side of the beam. On the right, there is a rectangular component with a circular hole and a small protrusion. The word "Okidoki" is overlaid in the center in a bold, sans-serif font.

Okidoki

Workstation Finishes

1. Legs

Our legs are all made from Timber. Ash comes as standard. We offer premium finishes of Solid Walnut and solid colour with exposed timber grain in our seasonal colours.

2. Frame Finishes

Okidoki steel and aluminium frame is available in our current season powdercoat colours listed. Custom colours are also available.

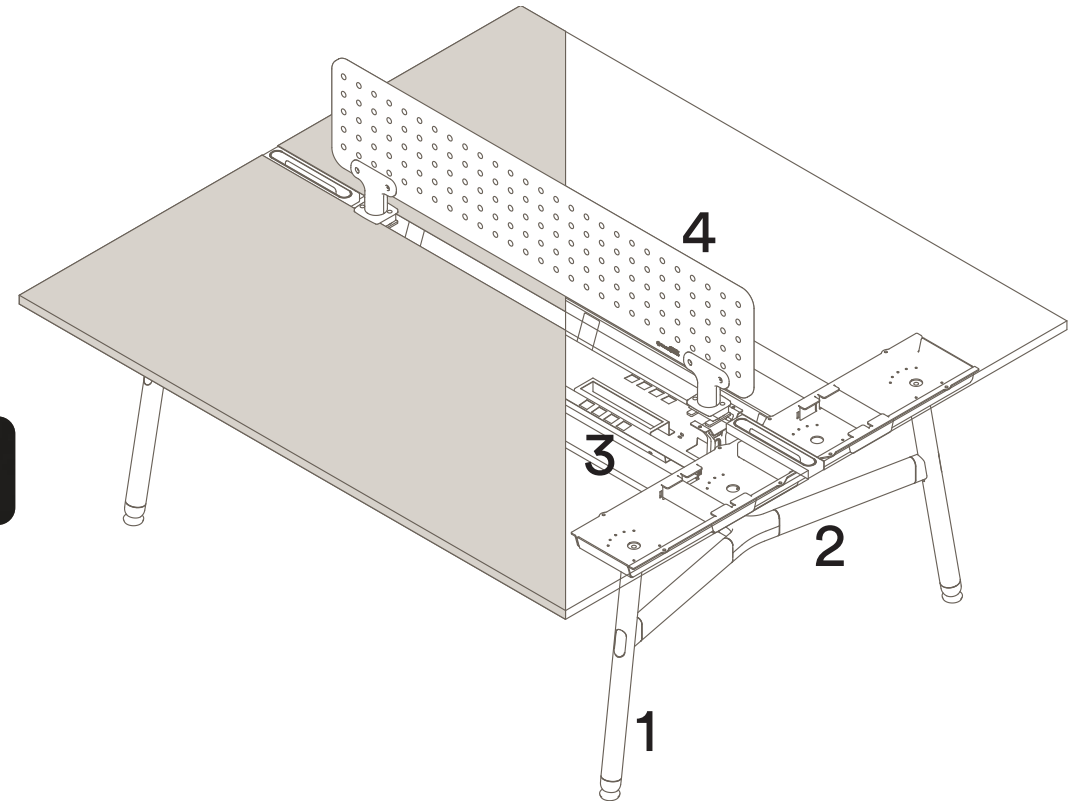

3. PET Cable Tray

Aside from our standard wire Cable Basket, we offer an enclosed PET Cable Tray option

4. Workstation Screens

Our Workstation Screens can be Fabric upholstered to suit customer needs. Screens are also available in Acoustic PET or Plywood options.

Colours are representative only, please check with your Thinking Works consultant to view samples of any specific colour.

Specification

If you would like a sample set of any of our finishes, please call us on 61 (0)2 9726 7177 or e-mail at sales@thinkingw.com.

Due to our policy of continuous product development, specifications and finishes may change without prior notice.

Sustainability Policy

We realise the importance of responsible business practices and have in place numerous product and company sustainability certifications. We would encourage you to download our annual Sustainability Report from the Thinking Works website to get a full overview of our sustainability program.
